

Auma to supply high torque actuators with Profibus to NTPC Thermal Power Plants

Auma India has bagged an order to supply non-intrusive High torque actuators with Profibus for the expansion of various thermal power plants in India. The power plants include NTPC Barh Super Thermal Power Station, Korba Super Thermal Power Plant, Mauda Super Thermal Power Station and North Karanpura Thermal Power Station.

Auma India is the only Indian supplier to offer higher torque range non-intrusive actuators with Profibus feature. The order also includes intrusive high torque actuators for NTPC Ramagundam Super Thermal Power Plant.

SIPOS HiMod actuators replaces Pneumatic actuators

Auma India has commissioned weather-proof variable-speed SIPOS HiMod actuators at the 3 x 200 MW NTPC Korba Thermal Power Plant. This is the first time Auma India is providing a solution for replacing the pneumatic actuators for ID, FD, and PA fan inlet guided vane actuators.

SIPOS HiMod offer features like variable speed, resistance against voltage and frequency fluctuations, and gentle operation of the valve by reducing speed in end positions.

New TIGRON actuators commissioned at various sites in India

The new generation multi-turn explosion-proof TIGRON actuator has been recently commissioned at HPCL Talegaon Booster Station, IOCL Chaksu Station, RCF-Thal unit, NFL Vijaipur and BPCL Kota, Malarna and Kochi pipelines. These Auma actuators replace the other-make actuators to automate the valves on site.

These TIGRON actuators are suitable for Ex IIC T4 explosion protection and internal power buffer for status transmission to DCS & indication in case of power failure. TIGRON series of actuators have an operating temperature range of -65°C to +70°C.

Auma actuators for Basti Rural Water Supply Scheme

Auma supplies 900 weather-proof actuators for the Basti Rural Water Supply Scheme to supply safe drinking water to the households in three districts (SantKabir Nagar, Sidharthnagar, and Basti) of Uttar Pradesh. The project falls under the Jal Jeevan Mission of the Uttar Pradesh State Water & Sanitation Mission (SWSM), providing Functional Residential House Tap Connections to villages in Uttar Pradesh.

Auma India was preferred to supply the actuators owing to the proven track record in the water sector and ability to meet the shorter delivery requirement.

Production capacity being ramped up to 7000 actuators a month

Auma India is ramping up its production capacity to 7000 actuators a month from 5000 at present to shorten the delivery time and meet the increased customer demand. Various steps have been taken to enhance the production capacity by debottlenecking the critical areas.

Auma India is continuously investing in improving its processes and infrastructure to offer quality products with faster lead times to its customers. A number of machines & other facilities are being procured to meet the increased market requirements.

Auma India opens a new office at Ahmedabad, Gujarat

Auma India has recently opened a new office in Bopal, Ahmedabad, Gujarat. The new office was inaugurated by Mr. M. Krupakar, HOD - Marketing and Mr. Nilesh C Patil, Business Head - West & East, on August 17, 2023. The new office can accommodate up to 10 people.

Address of the new office is:
 Office No. 1304, One World West,
 T-Junction Ambli, S.P.Ring Road,
 Nr. Vakil Saheb Bridge,
 Bopal, Ahmedabad - 380058, Gujarat

Auma India acquires adjacent property to expand its manufacturing plant area

Auma India has recently bought the adjoining property to enhance its manufacturing facility. Acquiring additional plant brings the total work area to 25272 sqm. Under this expansion, Auma India plans to shift some of its operations to the new facility.

Plant 1 - Existing plant
 Plant 2- Newly acquired plant

AUMA India replaces the existing broaching machine

Auma India has recently acquired a new Suntec make 10-ton broaching machine. The new advanced fully automatic broaching machine is suitable for keyway, surface and spline broaches. This will further improve the quality of the machined products.

40th year celebration at Auma India

AUMA India celebrated its 40th anniversary with the Auma family, customers, members of the supervisory board of AUMA, suppliers, and other stakeholders. It has been a remarkable journey for Auma India, from supplying a few hundred actuators per year to 50,000 actuators per year. Today, more than 4,00,000 Auma products are installed virtually in all major projects across the country for process automation.

Auma India had organized 3 different events, namely family event on July 02, 2023 to celebrate the 40th anniversary with Auma India employees and their families, July 07, 2023 for customers, suppliers and other stakeholders and July 21, 2023 for Auma retired employees.

The family event was a whole day event with various fun-filled engagement activities such as 360° photo booth, Magazine photobox, Tattoo artist, Caricature artist and VR gaming Zone for kids and families. The gala event included Ganesh Vandana followed by address by Mr. Arvind Goel, MD, Auma India, cultural dance, song and skit performances by professionals as well as Auma India employees and their family members.

Customer Training Program

In-house training program

Auma India had conducted 1st, 2nd & 3rd cycles of in-house customer training program between January 17–19, 2023, April 6–8, 2023 and July 12-14, 2023, at its Bengaluru headquarters. The customer portfolio included valve makers, Auma India dealers, and end users from the water, power, and oil & gas sectors. The 3-day training programme included theoretical and practical knowledge-sharing sessions.

Customers can register online at www.auma.co.in or reach out to the Auma India service team to participate in the customer training programs.

Training Calendar | 2023

Training Cycle	Start date	End Date
4th	05/10/2023	07/10/2023

Onsite training program

Auma had conducted on-site customer training programs at various places to impart product know-how to attendees from different departments.

- Lalithpur Power Generation Corporation Ltd
- BPCL Kochi Refinery
- IOCL Panipat Refinery
- IOCL Paradip Refinery

- Mangalore Refinery Petrochemicals Ltd
- IOCL Panipat Refinery, Naptha Cracker Unit
- IOCL Mathura Refinery

Inauguration of Auma sponsored block at Government School in Bangalore

Auma India, under its CSR activity, has contributed funds for the construction of one block with six classrooms accommodating 240 students in the Nammura Government High School, Nelagedaranahalli, Gruhalakshmi Layout, Bangalore. Students in the school come from poor backgrounds and live in nearby neighbourhoods, hoping to learn in a competent environment for a better future. There are about 750 students studying in this school from Grade 1 to 8, as it is the only English-medium government school in the area. The school was running short on infrastructure in terms of classroom facilities, benches, etc.

The construction work of one block is completed and was inaugurated by Mr. Mathias Dinse, member of AUMA supervisory board; Dr. Joerg Hoffmann, CEO AUMA Group and Mr. Arvind K Goel, Managing Director Auma India, on July 7, 2023.

Auma India launches its CSR video

Auma India on its 40th anniversary launches a CSR video “Doing our bit for Society” on the family day celebration on 2nd of July 2023 and subsequently on its website www.auma.co.in.

The video focuses on some of the prominent long-term activities of Auma India and some new projects benefitting the society.
